THE VILLAGE OF WESTON OR ANY OTHER PARTY AUTHORIZED TO WORK IN THE VILLAGE RIGHT-OF-WAY IS NOT RESPONSIBLE FOR DAMAGE(S) TO SPRINKLER PIPES OR SPRINKLER HEADS INSTALLED IN THE VILLAGE RIGHT-OF-WAY OR WITHIN 18" OF ANY VILLAGE RIGHT-OF-WAY.

Remember: Please call the **Digger's Hotline (Call 811 or (800)242-8511)** prior to the installation of the in-ground sprinkler system

**I have verified my established property lines by locating lot markers or property survey and have read and understand Section 86.155 of the Village of Weston Municipal Code and the information attached to this application.**

Applicant's Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Sec. 86.155. Permanently installed in-ground sprinkler systems.

(a) Permit required. All permanently installed in-ground sprinkler / irrigation systems require a Village of Weston in-ground sprinkler system permit & inspection.

(b) Permit fees. The application for in-ground sprinkler system permit must be accompanied by the fees as defined in the Village Fee Schedule

(c) Right of way. The Village of Weston or any other party authorized to work in village rights of way are not responsible for damage to sprinkler pipes or sprinkler heads, installed in village right of way or within 18" of any village right of way. Property lines must be established by applicant before the installation of any in-ground sprinkler system. It is the applicant's responsibility to have all underground utilities located prior to the installation of the in-ground sprinkler system.

(d) Connection. All sprinkler systems connected to the villages water distribution system must comply with Sec. 86.117 of this ordinance and Wis. Dept. of Commerce COMM. 82.41 cross connection control.

(e) Site plan. The applicant must provide a drawing of the site & proposed sprinkler system to the village at the time of permit application. Sprinkler systems should not spray on or across public sidewalks, or on to any paved surfaces.

(f) Watering ban. The Village of Weston reserves the right to order any sprinkling/irrigation system shut off in the event of a water emergency or shortage.

(g) Inspection required. The permit applicant shall notify the building inspector when installation is complete and ready for final inspection.

(h) Violations. Any person who shall violate any of the provisions of this section shall upon conviction thereof, be subject to the forfeitures and penalties provided under sec. 1.111 of the Village of Weston Ordinances.

(Ord. 4-24-2009)
